Is going to Organise

ONE-MONTH SEMI-ONLINE COURSE IN BAL PANCHAKARMA
CERTIFICATE COURSE 2025-26

Message

Bal Panchakarma, the specialized branch of Kaumarbhritya for pediatric care, plays a vital role in the preventive, promotive, and therapeutic management of various childhood disorders. With increasing recognition of integrative pediatric healthcare, there is a growing need for Ayurvedic physicians to be proficient in scientifically and ethically administering Bal Panchakarma procedures. It is my sincere hope that this course, organised by P.G. department of Kaumarbhritya PGIA may play a pivotal role in ensuring the exposure, Bal Panchkarma, and research orientation in Ayurvedic child health care. I hope that this course will be benefitted to all practitioners as well as scholars of Ayurveda .

Prof. (Vd.) Pradeep Kumar Prajapati
Hon'ble Vice-Chancellor DSRRAU, Jodhpur

About the Course

Bal Panchakarma, the specialized branch of Kaumarbhritya for pediatric care, plays a vital role in preventive, promotive, and therapeutic management of various childhood disorders. With increasing recognition of integrative Ayurvedic pediatric healthcare, there is a growing need for Ayurvedic physicians to be proficient in scientifically and ethically administering Bal Panchakarma procedures in neurodevelopmental, neurobehavioral disorders, and lifestyle-related conditions.

This One-Month Semi-Online Certificate Course provides participants with in-depth theoretical knowledge, practical exposure, and a research orientation in Bal Panchakarma procedures. It integrates classical wisdom with contemporary pediatric needs through interactive online sessions, live demonstrations, and expert guidance. Participants will learn & trained in Bal Panchakarma procedures and approaches for pediatric disorders, and provide hands-on exposure to our OPD/IPD.
